ABOUT US

Plastifar is dedicated to the manufacture and commercialization of disposable containers. Our compromise is to offer a wide range of products which comply with the highest standards of hygiene and quality, while delivering them in an excellent manner at the best prices, thus achieving competitiveness in the most demanding markets.

Plastifar S.A. acquired the HACCP (Hazard Analysis Critical Control Points) certification. This international entity is responsible for evaluating the possible physical, chemical and biological threats in every step of the production process, guaranteeing a safe and controlled system for the manufacturing of innocuous products.

After many years of export experience, Plastifar obtained the BASC (Business Alliance for Secure Commerce) certification, which accredits us of safely trading our products through many customs including US Customs.

Our portfolio has over 450 products, focused on a specific need, we keep on striving: growing and innovating.

OUR FACTORY

Plastifar S.A. is the biggest and most complete manufacturer of plastic disposable products in Central America and the Caribbean.

The company occupies an area of 72,000 m² , with a construction area of 33,400 m² , divided into 9 large industrial buildings.

Our constant investments in high technology machinery and improvements to the production processes has permitted us to strive in a fully developed market in little more than 20 years. Today, Plastifar is one of the best alternatives of food and beverage disposable containers.

OUR MISSION

We are the best mix of quality, price and service on all types of disposable containers, with human talent committed to exceeding the expectations of our customers, seeking profitability, continuous improvement of processes, development of society and protecting the environment.
